

DANI CROSBY

SOFTWARE ENGINEER

PERSONAL PROFILE

I'm a student studying Javascript, React, C#, and .NET at Nashville Software School. I have a background in home organization, welding, and as a small business owner. I hope to integrate my new software skills, passion for simplicity, and workflow efficiency at a local Nashville company. I enjoy all things outdoors, interior design, senior dogs, and driving across the country.

Full employment history can be found on my LinkedIn profile.

SKILLS & ABILITIES

- Motivated, well-disciplined individual
- Finds joy in assisting others
- Team player

RECENT EMPLOYMENT HISTORY

Small Business Owner

Danilion Closets Sep 2013 – Present

I currently run and operate two online storefronts, Etsy and Poshmark. I have nearly 400 listings on Poshmark, almost 50,000 followers, and a 5-star rating which qualifies me as a Posh Ambassador. I also have a 5-star rating selling vintage jewelry on Etsy.

Independent Contractor

Lyft Feb 2017 – Aug 2020

I am a ridesharing expert. I transported over 1500 passengers in the San Francisco, Oakland, Bay Areas. This job requires knowledge of all city streets and the ability to follow detailed directions. Maintained a 5-star rating and a 100% satisfaction rate.

Floor Staff

Sports Basement Oct 2014 – Mar 2015

Quickly established as a critical component in the Kids Department by organizing merchandise efficiently for high sale potential. Won a trip to Japan to secure the most transferable sales out of every employee in the system for December. I was promoted to management within three months. While working at Sports Basement, I was inspired to enter the AIDS / Lifecycle fundraiser. I cycled from San Francisco to L.A. - 545 miles in 5 days. It was challenging but rewarding.

MIG Welder

Brown Corporation of Moberly 2001 – 2004

Quickly integrated into a fast-paced steel manufacturing position. Surpassed productivity expectations daily, breaking several machine records. I was selected as a part of a small team chosen to travel internationally to test, give feedback, and organize floor layouts for a multi-million dollar, state-of-the-art robotic dashboard assembly line. For the majority of my employment, I worked six twelve-hour days. The company gave a bonus yearly for no days missed. I got that bonus every year.

EDUCATIONAL HISTORY

Nashville Software School

SOFTWARE DEVELOPER | JS, C#, .NET, UI/UX

Duration: Jan 2021- Jan 2022

Missouri College

DENTAL ASSISTANT

Graduated in 2006, 3.9 GPA
